

MANGA Program

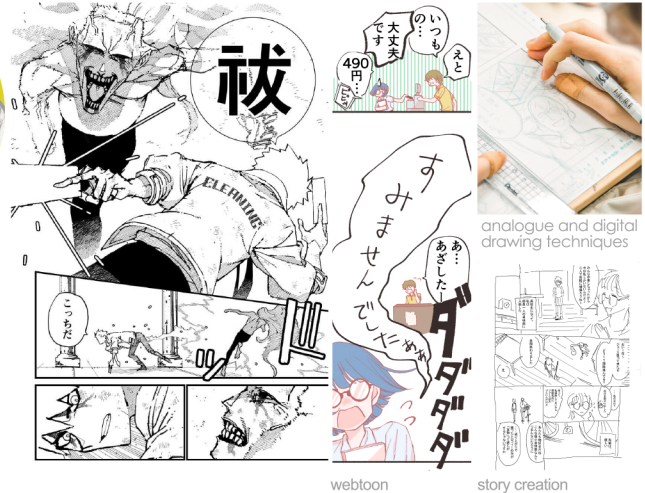

Become a Manga Artist, Manga Assistant, Comic Illustrator,
Character Designer, Light Novel Writer, Illustrator, Animator or more!

3-Year Course: Comprehensive Manga/MANGA

マンガ科 総合マンガ創作専攻

In this course, students learn how to create a manga through practical training in storytelling, panel layout, character design, background drawing, and more. The curriculum also covers Webtoon production for the rapidly expanding global market. With supportive instruction and personalised guidance, students develop their own style, produce high-quality original works, and gain the confidence and real-world skills needed to enter the professional manga industry.

Point!

NDS students and alumni have produced over 3,750 serialised and award-winning manga over the past 10 years!
